

Medication Safety Tips

1. Know the name & strength of your medications
2. Know the best time to take your medication
3. Know the possible side effects of your medications
4. Organize your medications
 - Daily Planner
 - Weekly Planner
 - Pharmacy packed monthly planner

At **Spring Park Pharmacy**, our goal is to help patients get the most out of their medications. Stop in or call and ask how we can help you understand your medication regimen and ask about the RxMap monthly packaging program.

Ask us about our special packaging options that will help you to remember to take your medications on schedule.

locally owned and operated.

It is important to take the right medicine at the right time to ensure that you get the best benefit from your medicine.
